Rexa Design

HEAD – Genève, Geneva University of Art and Design, teams up with DuPont™ Corian® and Rexa Design to envision innovative products for luxury bath and spa lines.

DuPont™ Corian® and HEAD – Genève initiated as of 2013 a program of workshops to develop ideas and projects using DuPont™ Corian® techno-surface for the world of wellness and body-care accessories. By pushing the characteristics of this versatile high-tech material, the students challenge the traditional applications of Corian®. The 2014 partnership with Rexa Design provides the opportunity the characteristics of Corian as a luxurious material for contemporary rituals and needs to include in Rexa's high tech luxury bath and spa furniture.

The Corian® prototypes by students of HEAD – Genève will be shown at Salone Internazionale del Mobile di Milano 2014

Rhò Fiera Milano
