**CPD ELIGIBLE PRESENTATIONS:**

**8.00am** Registration    **8.15am** Breakfast rolls

**8.30am** **PART K & BS6180 - 2011 COMPLIANT FRAMELESS GLASS BALUSTRADES**  
Speaker: Richard Lake, National Sales Manager,  
**CR LAURENCE**  
Use of frameless glass balustrades in construction projects. Understanding the current British Standards and helping installers to reduce installation time by introducing the revolutionary CRL Taper Loc system.

**9.30am** **FABRIC FIRST AND AIR TIGHTNESS - ENERGY EFFICIENCY AND MOISTURE CONTROL INCLUDES UPDATES ON BS5534: 2018 & STA REQUIREMENTS FOR BREATHER MEMBRANES**  
Speaker: Bradley Cameron,  
**DUPONT PROTECTION SOLUTIONS**  
An update on meeting both Approved Document C (Moisture) and L (Energy Efficiency) using Tyvek and AirGuard as well as the requirements of BS5534: 2014 - the code of practice for slating and tiling with one proven BBA Certified Membrane System.

**10.30am** **AN INTRODUCTION TO METAL WEB JOISTS**  
Speaker: Peter Bullock,  
**MITEK INDUSTRIES LTD**  
What is a metal web joist and why should they be specified? What is the cost, alternatives, span-ability, sound & fire, details, Part L, vibration, whole life costing and where to go from here.

**11.30am** **KRION K-LIFE: IMPROVING OUR QUALITY OF LIFE AND HELPING OUR SURROUNDING ENVIRONMENT**  
Speaker: Lee Rampton, Krion Manager,  
**PORCELANOSA (WESTERN) LTD**  
Krion K-Life, our new eco active solid technology that purifies the air, eliminates chemical products and bacteria and self-cleans. Used internally, externally and to make the environment in which we live and work a better place for all of us. We are showcasing this new material alongside our facade system and raised access flooring. Come and find out how this amazing new material can benefit your next project.

**12.15pm** Lunch and Exhibition

**12.45pm** **SAFE ACCESS ALL AREAS**  
Speaker: Stan Winfield,  
**ACCESS 360**  
Safe Access All Areas is your opportunity to see how to solve those tricky access problems on site, whether through the roof, the ceiling, the walls or the floor. Ever thought about using your natural smoke vent as roof access or to provide natural daylight or even an emergency escape? Do you need fire rated riser doors that can be tiled to match your interior design? Or do you require floor access to a complex configuration of concealed underfloor services? All this and more will be explained. Attend Safe Access All Areas and don't forget your free gift.

**1.45pm** **CONTROL AIR LEAKAGE - REFERENCING PART L OF THE BUILDING REGULATIONS BY ICYNENE SPRAY FOAM INSULATION SYSTEM**  
Speaker: Paddy Leighton,  
**ICYNENE**  
The objective of this seminar is to offer a brief update on recent developments in buildings science, with an emphasis on airtightness in buildings and its importance for energy savings and moisture vapour transmission. The author's Canadian perspective also provides a look at how these issues are handled elsewhere.

**2.45pm** **HUSH ACOUSTICS: HELPING TO SOLVE ACOUSTIC ISSUES IN THE MODERN CONSTRUCTION INDUSTRY**  
Speaker: Robert Crampton, Managing Director,  
**HUSH ACOUSTICS**  
This seminar will advise on achieving and out performing all UK Sound Proofing Regulations in New Build, Conversion and Refurbishment development - residential, multi-occupancy, commercial, education.
